

What makes Pneuron Cool

THROUGH 2016,
60% of big data projects will be abandoned.

6% OF PROJECTS OF OVER \$20 MILLION
were considered a success between 2003 and 2012.

80 CENTS ON THE DOLLAR OF EVERY PROJECT DOLLAR
is spent on accessing, normalizing and storing data before you can create even a penny of value.

COLD FACTS

UP TO 80% OF BI PROJECTS
will fail to deliver on expected business results.

THERE IS A TRILLION DOLLAR BACKLOG
in reports, applications and solutions that is growing every day.

WE'RE TURNING CREATING BUSINESS SOLUTIONS ON ITS HEAD
Instead of bringing data to the analytics we take analytics to the data.

PNEURON IS A "GENIE IN A BOTTLE"
Solving your business problems is our command, and you're not limited to three wishes!

CREATIVE THINKING

WE'RE NOT JUST DATA GEEKS - WE'RE "PNINJAS!"

Pneuron users become pninjas too; it takes only a couple of days! We make it easy for everyone to play and more importantly contribute to success.

DESIGN, DEPLOY AND MANAGE
any business solutions for a fraction of the time, cost and risk of traditional methods. No more 1980's deployment approaches.

BUSINESS-CENTRIC

The business question is the same as the IT deployment - at last, we are all speaking the same language!

Ability to rapidly adapt to changes in your operating environment.

Add a new data element or source, re-wire inputs to an algorithm and design a dashboard without bothering IT.

Get exactly what you want quickly and without the reliance on yet another data, systems or hardware project.

GEEK-CENTRIC

Pneuron is easy to install, configure and manage with scaling, resiliency, and security built-in.

Orchestrate a network effect to solve any problem - quickly, simply, and with no drama.

It's a whole new evolution. "Workload Virtualization" containerizes any and all technology disciplines into interoperable microservices – Pneurons.

We don't replace or remove your existing investments. Our standards-driven, non-invasive, technology fills the gaps in rapidly solving business problems.

We Distribute Solution Components to the Source.

Pneuron's groundbreaking Distributed Platform has changed the way enterprises are solving complex global business problems, bypassing costly integration projects with a distributed computing approach that cuts across all data, applications, technology and processes.
